

Utah has implemented several parts to a digital identity.
Once it's fully installed, how do you go back?

BIOMETRICS
Eyes, face etc

While it's not too late- PLEASE

- ✓ Use cash whenever possible
- ✓ Shop local and small business
- ✓ Do not apply for digital drivers license/ Digital ID
- ✓ Refuse biometric check-in at the airport
- ✓ Share this with family and friends
- ✓ Research ESG scores and CBDC (central bank digital currency)
- ✓ Avoid self checkouts with cameras. You're recorded, face linked with payment. Where does all this data go? Did you give consent to be biometrically recorded while buying food?
